“ *She was a special friend, and our family loved her. She will be missed. Some of my favorite memories are the long conversations we shared at her house - those moments meant so much to me.* ”

“ *There was no sweeter or more welcoming person than Judy. When my twins and I moved to Sutton, Judy became our neighbor across the street. She welcomed us to the neighborhood with a fun visit and a plate full of her homemade cookies and candy. I enjoyed reminiscing with Judy about when I was younger and grew up in Sutton. We talked about when she would bring her daughter to the swimming pool. I worked as a lifeguard and enjoyed watching how excited her daughter was to be there. Judy watched her swim and play with friends with such pride. Judy had a personality that would create pure joy to those around her. Many loved Judy for her lively spirit and warm compassionate heart. The people of Sutton will miss her dearly.* ”
