“ *My deepest condolences to the McElfresh family. Scott and I were next door neighbors at an apt house on 13th street in Lincoln for a few years back in the early 80s. We had many laughs while hanging out together taking turns cooking spaghetti dinners on a tight college student budget. I was very saddened to hear of Scott's passing. He will be missed.*

“ *To the dear church family I grew up with...I am so sorry for your loss. The McElfresh family was so much a part of my growing up years. There would be too many memories to share. But I will share this one, the year I was a lifeguard at the Sutton Swim Pool, Scott also was working for the city. He would show up and raze the lifeguards and made the daily routine enjoyable. He had a special way of putting a smile on your face.
May God wrap His lovin' arms around all of you.*

Yeah, Scott was lots of fun, giving ring knockers to underclassmen, coming up behind them and slapping his hands forcefully on their ears, kicking you in your backside with all the force he could and laughing about it. He was just a hoot.
